

Blackboard Course Display: Setting Course Section Number Visibility

1. **Open the Community Site** in a browser window.
2. On the Faculty Central or Student Central page, your Blackboard courses will be listed under the My Courses heading.
3. **Click the pencil icon** to the right of the My Courses heading.

4. The Customize My Courses screen will open.
5. In the Display Course ID column, **click in the box(es)** beside the course(s) whose ID numbers you wish to make visible. **Note: Only courses with a checkmark in this column will display the course ID.**
6. **Scroll to the bottom** of the page.
7. **Click the Submit button.**

8. A message will appear on the screen stating that the update completed successfully.
9. **Click the OK button.**
10. The Faculty Central or Student Central screen will appear.
11. Under the My Courses heading, the courses you selected will now display the course number before the course name.
